

WHY AMEYA ...

BENCHMARKED TO THE HIGHEST EXPECTATIONS

The Ameya CFS offers a range of flexible, focused and friendly services. These encompass a kaleidoscope of cargo and container management and distribution solutions that combine to deliver a hassle free CFS experience.

Cargo handling being its forte, it offers a full range of services like cargo handling, lashing, distribution, palletisation etc.

The CFS is equipped to deliver solutions for handling and stuffing of export cargo, import LCL and FCL handling, de-stuffing and storage of import cargo, chassis loading and ground slot loading.

The CFS has capabilities to handle cargo like textiles, engineering goods, machinery, white goods, food grains etc.

To sum up, the CFS will offer multiple cargo handling and distribution capabilities to its diverse clientele.

With cargo received, comes the responsibility of storing them in prime and secure conditions. Here the 4 Ameya warehouses come into focus. Well lit, spacious and with clearly demarcated cargo areas these warehouses are clearly the backbone of the Ameya CFS. The distribution centre is also C-TPAT Compliant.

Enhancing the warehouse service levels are features like the paved approach roads, the sophisticated monitoring equipment, computerized inventory systems, electronic weigh scales and also the on site high value locker storage facility.

SERVICES

The Ameya Logistics CFS also has an on site floor shop that provides a very efficient empty container storage, repair and cleaning service for all types of containers as per IICL Standards.

The highlight of the Ameya CFS is the high level of automation and IT initiatives that it has invested in. It was the first CFS of its kind to employ the RFID technology to deliver higher levels of customer convenience. The RFID technology will enable every customer to track consignments from wherever he is. It will bring him live up to the minute feeds about consignment status enabling him to plan things with greater flexibility and mobility.

- Stuffing of export cargo
